Saying goodbye
Closes a chapter
You taught us well
You gave us laughter

You gave us memories
You made us strong
So we'll remember you
With this song

Bridge

With exercise kindness and love
You motivated us to rise above
Sometimes life gives us a trial
You taught us to do it with a smile

Chorus

When the words fail we'll just play!
When the words fail we'll just sing!
I have parkinson's disease
The disease doesn't have me!

Instrumental Interlude

Repeat Bridge & Chorus
